

Graduation Petition

2017 and earlier catalogs

Congratulations on reaching this point in your academic journey. Please read the following information carefully.

We look forward to partnering with you the rest of the way.

Graduation Policies and Procedures

- ❖ Submit a petition to the Office of the Registrar once you have completed 88 credits.
- ❖ Petitions to be accepted in the Office of the Registrar no later than March 15 for Spring graduation and November 15 for Fall graduation.
- ❖ Petitions filed late will be charged \$200 (A late petition: Any petition submitted after the last day of the Add period of the student's desired term of graduation).
- ❖ All transcripts and outstanding documents (for example: substitution forms, writing competencies and other documents needed for graduation) are due into the Office of the Registrar no later than March 15 for Spring graduation and November 15 for Fall graduation.
- ❖ Students who have outstanding documents will not appear on the graduation list until all documents have been received by the Office of the Registrar.

How the Graduation Petition process works

- ❖ Print out an Unofficial Transcript using My Account. Also, print out a copy of your Degree Audit (available only for current students)
- ❖ Fill out petition unless department advises you to wait until you meet with your major academic advisor.
- ❖ Make an appointment to meet with your major academic advisor to discuss your petition and obtain necessary Department Chair's signature.
- ❖ Submit a completed petition to the Office of the Registrar. At that time, an appointment will be made for you to meet with your graduation counselor.
- ❖ When you meet with your graduation counselor, you will discuss your plan to graduate.
- ❖ After meeting with your graduation counselor, if you have made changes to your petition, please notify them as soon as possible.

Filling out your Graduation Petition

- ❖ Use a pencil when filling out Graduation Petition.
- ❖ Refer to your catalog year - i.e. the catalog year is printed on your Degree Audit near the top, right side (2018-2019, etc).
- ❖ Using your catalog year, list in the order taken the title and number of specific courses required in the appropriate columns.
- ❖ Use the following codes in the left-hand margin of each column to note the semester that remaining courses will be completed: F = Fall,
S = Spring, SS = Summer Session, TR = Transfer, include the year for each code. (i.e. S21, SS21, F22)
- ❖ Record the credits for each course only once. If a single course fulfills two requirements, place a "0" in the credit column the second time the course is listed.

9/25/19

Continued on next page...

- ❖ At the bottom of each column add up and record the number of credits pertaining to Core/General Education, Bible & Theology, Education & Credential (if seeking teaching credential) Major/Emphasis, and Electives/Minor. Please make sure you add up all the columns in the box on the front left hand corner of the petition (the front side where you and your department chairperson signed).

When you are adding up your credits for graduation, note the following restrictions:

- ❖ Only 30 credits of Bible/Theology may be counted towards your graduation requirement unless you are Biblical Studies major or Christian Ministries major).
- ❖ Only 8 credits of P.E. may be counted towards your graduation requirement unless your major requires more.
- ❖ Only 8 credits of applied music or performance classes may be counted towards your graduation requirement unless you are a Music major.

Taking credits outside of Biola University

- ❖ Inform your Graduation Counselor of any plans to transfer in classes your last semester. Be advised that you will be placed on the graduation list once all transcripts (and other graduation documents) have been received by the Office of the Registrar. The last date to submit documents is March 15 if planning to graduate that May, and November 15 if you plan to graduate that December.
- ❖ Your degree will be posted on the next available posting date if any transcript is received after the graduation date.
- ❖ All classes at other colleges/universities will only transfer to Biola with a "C" or higher (a C minus will not count). Check with the Office of the Registrar either in person or online to see if the class you need is pre-approved.
- ❖ Official transcripts must be mailed or electronically delivered from the other school. Hand delivered transcripts are not considered official.

More Important Graduation Information

- ❖ A "C" average (2.0 G.P.A.) is required in all coursework at Biola and in your major. Some majors have specific Core requirements-consult the University Catalog.
- ❖ If you will be absent from the graduation ceremony, please inform your graduation counselor as soon as possible.
- ❖ Name changes can be made in the Office of the Registrar and should be completed a month prior to the graduation ceremony.
- ❖ For the commencement program, honors are computed on the cumulative G.P.A. of all work completed at Biola (minimum of 60 credits) prior to your final semester. The honors on your diploma are calculated based upon your final cumulative G.P.A. at Biola.

Thank you for reading this important information! Hold on to this page for your records!
